

# Mp3 Project Bluebook - Children Of The Ancients

[DOWNLOAD HERE](#)

Project Bluebook is a digital blend of world fusion, dance, techno, electronica, and occasional flashbacks with an electro twist. The diversity of this CD brings the world and technology together. 15 MP3 Songs  
ELECTRONIC: Trance, ELECTRONIC: Pop Crossover  
Details: The members of the band come from diverse backgrounds and possess complimentary skills. John Billington is a Canadian born composer/soloist/producer specializing in wind synthesizers, sequencers, groove programs, and sampled sounds with soloist capabilities on the Yamaha WX11 wind controller, flutes, and alto saxophone. Mike Davis is a North Carolina born composer specializing in sequencers, remixers, groove programs, and sampled sounds with soloist capability on guitar, keyboard, and voice. Lani Van Sickle is a Hawaiian born musician specializing in electronic drums with special sampled sounds. You will not believe that only three people are generating the complex and beautiful arrangements you hear from Project Bluebook in a live performance.
