

## Mp3 Sam Gichuki - Mola Awe Nasi

[DOWNLOAD HERE](#)

Kenyan kiswahili music at its best with a hint of gospel and reggae music styles. 9 MP3 Songs WORLD: African, WORLD: Reggae Details: Sam Gichuki was born in central Kenya. He was brought up in a Christian background. When he was ten years he joined the Sunday school in the church that he used to attend and later on he joined the youth fellowship on his teenage. He used to lead the choir and play the drums though singing was something in him since his childhood. At the same time, he was very much interested in reggae music. You could only find him listening to reggae music when he gets a chance because reggae was not very recognized in his community. Being inspired by people like BOB MARLEY, PETER TOSH, CULTURE AND LUCKY DUBE, he proved to the world that he can come up with something that people will be proud of. These guys are the ones who really got him into reggae. He always had this thing in his mind that one day one time, all his dreams will come to reality and after observing the situation in his motherland (Africa) he decided to sing about some of the hard times that people are going through these days. "MOLA AWE NASI" (God be with us) is an album that is more to gospel and in reggae rhythm, It's an album with very encouraging messages to people who are going through difficulties in today's life. "Malaika mrembo" (beautiful angel) talks about a young lady who had gone through a lot in life for what was not her fault. Those who are in the same situation out there, life is worth more than gold. Don't give up with it and be optimistic because life has always been of ups and downs. GICHUKI SAM is there to give you moral support and everything is going to be alright. Also this guy is there to teach you about some of that are against the will of God. "Kuua ni vibaya" talks about those kids somewhere so far away who deserved to live but now they don't because of people making wrong decision in their lives. Everywhere you go in the world today people are suffering, crying and dying for help. All they need is the help from the Most High One. "Mola awe nasi" says all about it while "Ni juu yetu sisi" talks about how

people are dying like flies everyday. Unless they have affirmative idea of solving out the main and the major problem in the world these days. "East or west home is always the best" he also prays for his country in the song "Africa nchi yangu" and also sending the message to all leaders of Africa. Telling them that the nation is on their hands. "Wailinde isiwe na matata" all what we need is peace, love and unity in our community. Very soon the most high God is going to do something towards his people regardless of race or origin. "MOLA AWE NASI MAISHANI MWETU MILELE NA MILELE" REMEMBER THAT EVERY CD THAT YOU BUY ONE DOLLAR GOES TO CHILDREN ORPHANAGE IN NAIROBI
