Played with various bands in Toronto , like Roots Reality .a Trio with the line up of Guitar, Bass And Drums which played mainly Jimi Hendrix covers as well as some Originals in a reggae rock type style, Wailin Souljahs a Ten piece reggae Band which played mainly all originals with a Bob Marley influence As well as running a recording studio call Message Music Productions Which was primarily a Midi Studio used for writing all my own material As well as recording and producing other artists like vocalists, rappers Songwriters etc. Relocated to the United States setting up in Atlanta Georgia in 1997. Formed a Jazz band called the Bobby Coates Trio which was Guitar, Bass, And a Percussionist from Miami Florida. This group mainly played in a Place called Little Five Points at a vegetarian resturant called the Bazzar For tips. The set was totally improvised nothing was rehearsed. Also played With another band to make ends meet called Manifest Destiny which was an RnB covers band playing some Motown, Cameo, Kool and the Gang, Commodores, Earth Wind Fire, Maze, etc. Being very disappointed after Both bands disbanded returned to the UK where I decided to do a One Man Band act and call myself Serious Nubian . I have played a few gigs And showcases with a positive response last gig being at Yaa Asantena Arts Centre in London . I have also produced my own CDs . At the moment plugging and selling two CDs online "All That I Do" and "Reflections" go to cdbaby.com/seriousnubian and cdbaby.com/seriousnubian2 New Cd available very soon titled "State Of Mind"
