"It's our spin on what we love embrace in music. We blend that small twist of rock pop, add some latin flair, along with a few other influences. Roll them up, shake them out. Put them in a tall glass with some cool instrumentation, but not so much it waters down the drink, you have TAM style of music". .....Gus D. radio personality- Chanz's lyrics have depth and reason which is lacking in most writers, and melodies that will capture your interest and make you want for more. Paula, who's voice has been compared to that of Stevie Nicks and Cher, but don't let that fool you, resonates a vocal ability all her own on songs like "Just Walk Away" ,the groups first single, and "Till You". ...This husband and wife group can really entertain. Unlike most bands who distance themselves, TAM embraces the chance to interact with their audience and instantly makes them their fans. ....Stacy Smith Segovia, Leaf-Chronicle: on stage the chemistry between the two proves exciting to watch. They shine first on their originals also their well chosen cover songs. ...They have played the Kenny Roger's telethon. Opened for Norman Nardinie the Tigers, Donny Iris, Atlanta Rhythm Section,
