Are you passionate about sales? Me too. Ill give you my passionate, proven, powerful sales answers that

not only work, but also will help you get more sales answers today. This is not a book on how to sell. Well, not exactly. I created this book for people like you from a person like me that is passionate about sales. I can offer you REAL advice on sales and the way to approach people that want to buy or have a need. If you're like me you have been in sales for at least a few years, and read your share of sales books, techniques, and more am I correct? I thought so. Don't get me wrong, all of those books share a piece of the puzzle needed to become successful. Few of them however really just strip away all of the buzzwords, professional sales jargon, techniques, and quite simply tell it like it is. I've got over 25 years of sales feet-on-the-street experience to share with you. You're going to LOVE them, and who knows, you just might find a technique that says to you: Hey, I gotta try that one!
