Earlier this year, Tahir came out with his book *Dreams Not For Sale* and right out of the gate, sold 1,000 copies. That really set the stage for Tahirs campaign against ignorance and the herd mentality. Hes one of these guys that got fed up with all the rubbish online. He got tired of people being fed a bunch of bogus information and he started to set things straight with a series of products that cuts straight to the heart of the matter and exposes the truth. The truth about making money online, the truth about business online and the truth about whos going to make it and who isnt. And today, were lucky to have Tahir with us, so he can debunk some of the myths we sometimes get trapped into believing and hes going to give us a tell all knowledge session that will leave you with a clear picture of the who, what, when, where, why and how of doing business online.
