

Mp3 Doe Deere - Supernatural

[DOWNLOAD HERE](#)

The most outdated modern music ever made. 5 MP3 Songs POP: with Electronic Production, POP: 80's Pop Details: ITS OFFICIAL - the 80s are back! Era, which single-handedly blew a hole in the ozone layer, kept us up all night with visions of Freddy Krueger, and exposed us to a whole lot of bad denim. But - its not the mullets that have the fascination of the modern youngsters. Its the fun, electronic music, which dominated MTV 20 years ago, thats quickly finding its way into the nightclubs and hipsters iPods today! Smack in the middle of all this stands Xenia V. - a Brooklyn-based, Soviet Russian-born singer/songwriter - better known by her moniker Doe Deere. She moved to NYC at the age of 17 with dreams of becoming a musician and played in several rock bands before launching a more commercial-oriented solo project. In 2007, her demo attracted attention of the Capitol producer and A&R Jimmy R Landry, who immediately sensed potential in Does honey-glazed vocal delivery, laid over whimsical, throbbing electro arrangements. Think of it as forbidden love between a classical pianist and a synthesizer, opines Doe. EP Supernatural, produced by Landry and co-produced by Doe Deere, is a tantalizingly fresh collection of 5 radio-ready, dangerously danceable tracks that have won over a following of 5,000 fans and amassed over 75,000 profile views on MySpace. DJs from the US and Europe alike add Does hook-laden tracks to their playlists. I feel like I missed out on the biggest party in history the 80s! offers Doe. This record is my attempt to travel back in time, and glance into the future a little bit simultaneously. People who are interested in Madonna Modern Talking Kylie Minogue should consider this download.
