Original techno trance tracks. 11 MP3 Songs ELECTRONIC: Trance, ELECTRONIC: Techno Details: Joe Sierra is currently the #1 most listened to musical artist at mediakinesis Come On is but one bright facet of Joe Sierras music Los Angeles, CA Music artist Joe Sierra is set to steal some glory in the music industry with his single Come On is a high-energy, danceable and tripworthy slab of electronic pulsing. But Sierra is quick to point out that his art encompasses a broad range of styles. His music displays surprising diversity, ranging across a variety of styles, including trance, dance, new age, space music, bell-based music, vibraphone jazz and Latin, classical, world music (with Asian, Middle Eastern, Native American and Celtic influences) and blues and rock guitar. Come On is a shining example of Sierras work in the realm of electronic dance. Theres a strong focus on textures, with Sierra creating a rich and lavish but always streamlined bed of sound across which the beats can race. The rhythms and grooves are as tightly constructed as the textures and the melodies seal the deal, luring in the listeners emotional commitment. Come On beckons and does so with a compelling insistence thats hard to resist. Sierras history with music goes back a long way. In the 80s, he worked as a DJ in London for a number of years. He also played the famous Studio 54, gigging as a guitarist. Hes now turned to self-produced electronic and world music, and Sierra is constantly evolving his sound, refining and defining and honing his considerable skills. Sierra records, mixes and masters his own music. Rare is it that a day goes by without him working on new music, be it writing, recording or both. Hes also getting ready to go back to the stage to share the latest stage of his musical career with a live audience. Hes currently working with A&R Select, the worlds leading independent artist development firm, based out of Los Angeles, CA.
