An uplifting fusion of ethnic instruments, diverse rhythms, colorful melodic and ancient languages 9 MP3 Songs WORLD: World Fusion, NEW AGE: New Age Details: The pure poetry of the soul is given voice through the MAMMA TONGUE, an expression of global unity that harkens back to the time before words and gives hope for the future in pure, heart-to-heart communication that transcends a single vocabulary. These songs are the result of an extended musical journey, an expression of music-making as a path towards movement of both the body and soul. They encompass the spirit of ancient cultures from Africa, Native North America, Tibet and the Middle East, as well as the heart of the West, in an uplifting fusion of ethnic instruments, diverse rhythms, colorful melodies and ancient languages. Produced and mixed by John McDowell with Daniel Baruch, this spirited music is given life through creative mixing techniques, with special attention to the color and groove of each uplifting track so that it communicates to all through the universal language - the MAMMA TONGUE.
