I played violin and piano in orchestras throughout my childhood and teen years. I loved to dance, and was fortunate to have been sponsored by Margot Fontaine (world-famous prima-ballerina) at the age of 10, and was accepted as a student into the famous City of Hamburg's Opera Ballet School (Staats Opera) in Germany. I studied dance there for the Royal Ballet, a wonderful priceless gift. I spent most of my life working as an assistant / promoter / manager to many famous rock stars. I worked with Bon Jovi, Fleetwood Mac, Aerosmith, The Osbournes, along with a whole host of other world famous musicians. This deepened my hearts desire to express myself through my own music. I was personally moved by the music of The Doors, The Beatles, Pink Floyd and Queen, and started writing lyrics at a very early age. I started developing my own unique style sound and decided to record with Mateus Kotok, a very gifted producer / friend in Maui.. I am seeker of Truth, a follower of my heart. Being half Indian (from Kashmir, India) I have a big love of Indian philosophy, and am especially devoted to the Goddess Sri Radha. I feel my music reflects my deepest devotional sentiments. I have a love of ancient English tales which seem to naturally inspire my voice to have a subtle Celtic feel, blending the East / West romantics beautifully. My debut album is entitled "Age of Forgiveness", it was written and recorded in Maui, Hawaii with Mateus. My songs are timeless and honest. I hope to touch your heart with my soothing lyrics and relaxed harmonic vocals. Music critics have compared my voice and writing style to Sarah McLaughlin, Enya and John Lennon! I have since recorded a second cd entitled "JAYA". It is an acoustic devotional cd with simple yet haunting harmonic vocals. "JAYA" is also now available. I feel it is

a powerful rendition of both English and Sanskrit prayers to the Divine. Beautifully simple, it expresses my devotion at it's best. My next cd has been written, I have grown in wonderful ways and am continuing to express my journey through life through my voice and songs. I hope you enjoy the music I have made, and look forward to sharing my new songs very soon! You can contact me at [krishna4545@aol.com](mailto:krishna4545@aol.com).
