Details: Who Is L.A.Shaun ? L.A.SHAUN is a very soulful unique diverse artist. Her multi-dimensional style is said to be as the likes of musical greats, Such as Billie Holliday, Stephanie mills, Jill Scott etc. Even being compared to such phenomenal artists she has her own special characteristics and style of singing. L.A. SHAUN born and raised in the Bronx by mother Cynthia Clark single parent always encouraged L.A.SHAUN to pursue her dreams. Growing up in poverty never discouraged this singer/songwriter from her constant grind to make it in the world of music. L.A.SHAUN has been singing since the age of 2 yrs. Old. She got her start singing in the church at a very young age and has never forgotten her gospel roots. What I find very special about L.A.SHAUN is that every song she writes sounds different she has this amazing versatility that will wow any listeners ears as to where one would be in total disbelief. L.A.SHAUN has performed at various lounges throughout New York City a very spontaneous person you never know where youll see her next. She is a very beautiful lady inside as well as outside her physical attributes has also helped her land a few modeling gigs. If you were to ask L.A.SHAUN how would she want to be seen as an artist ? she would simply say I just want people to love the music that I sing and write about and to know that my music is real and is deeply rooted and heartfelt to categorize me as a timeless instrument that will be enjoyed for years to come. On a more personal note L.A.SHAUN just like her mother is a single parent raising her son Zavion she knows being a single parent takes a lot of effort and dedication but that has never stagnated her passion and drive to make it in this music game in fact it has made her even more focused and ambitious. L.A.SHAUNS musical icon is Gladys Knight and has always dreamed of doing a collaboration with the soulful songstress as the way things are looking her dream may soon come true. This artist has definitely got what it takes to

make it. She has that fire that it factor that cant be ignored. Look out cause the worlds next great superstar is about to be born. Narrator Priceless Management
