Instrumental harmonica and piano/americana/country format/blue grass themes 12 MP3 Songs

COUNTRY: Bluegrass, FOLK: Traditional Folk Details: Every body knows that Joey Welz is a great rockin' boogie woogie piano man from Bill Haley's Comets....but they have never heard him jammin' with a harmonica man.....together they are the Harmony Cats. Canadian American built their reputation on another instrumental duo...Santo and Johnny who gave our label our first million seller with 'Sleep Walk'. Now after five decades, Canadian American is set to do it again with les ober and Joey Welz. 'Tennessee Waltz' is already getting worldwide air play and their new single 'Salt Water Taffy,' written by Joey and Les is following right behind. It's refreshing to hear two seasoned musicians playing like they are sitting on your back porch-no frills-just good old down home musicianship, breathing new life into some great ole standards like 'Dixie and Rocky Top' They even pop a few surprises with the Cassacades' 'Listen to the Rhythm of the Falling Rain' and the Association's 'Windy'. They even tackle a Beatles standard, 'Let it Be,' and give it brand new down home feel. Our future has always been built on our past and the Harmony Cats are rising fast on Canadian American Records.
