Lullabies bring healing, beauty, gentleness and security to people of all ages. 35 MP3 Songs

KIDS/FAMILY: Lullabies, CLASSICAL: Traditional Details: Hello. My name is Mary Jackson, and I am a mother, grandmother, music specialist, piano teacher, school teacher, and massage therapist, but, my real passion, is healing! What has this to do with lullabies? you ask. A lot. Lullabies heal broken spirits to folk of all ages, and give security and beauty to our babies and small children...much needed in today's modern fast track world. I am from New Zealand, where I discovered lots of people were very interested in Angel Babies, and many families have contacted me, to say how much they, the PARENTS, have appreciated the lullabies, as well as the babies! I have compiled this lovely collection, and composed a few myself, in the hope that you too, will find peace, and that your baby will be lulled to sleep. May you have many peaceful nights!! For brighter songs, do look up my website [starlightmelody](#) and look at [Catch A Singing Star](#), a collection of songs for the 3-8yr old.
