CURLEY *** LIVE **** At 37 Mike Curley has fast become recognized as one of the most unique singers

and rhythm guitarists in recent history amongst his musical peers. Ironically starting his career as one of

the original innovators of house music in his home town of Birmingham, U.K, He played alongside other

national acts of the time in England and Europe. Following a period with Hollywood Maverick Records, he

became known in Europe as principal singer/songwriter/guitarist for the rock band Clever Bastards,

writing two critically acclaimed studio albums and performing on stage with artists and bands such as

Dolores O'Riordan of The Cranberries, Foreigner, Styx, Reo Speedwagon, while also playing both major

US outdoor venues such as the Gorge in the USA, and arenas in Europe. More recently he has gained

national attention in the Czech Republic having performed at the 2006 Andel Music Awards (Czech

Grammy's) with British drumming legend Alan White (Plastic Ono Band, Yes) performing the John

Lennon classic Imagine to over 5-million live TV viewers across Central Europe. In the summer of 2006 one

of his live solo acoustic shows was syndicated in five separate countries to over 80,000 internet

subscribers gaining a recent contract to host the popular LiveInTheLounge on insomnia radio - recently

voted by Business Week, as one of the top three internet radio stations. With a driving guitar style described

in the industry as Oasis meets Springsteen and a post Ian Hunter vocal style, if you love live music and

have not yet had a chance to experience Mike Curley live - I strongly recommend you do. By Trenz

Pruca.
