

Mp3 Various Artists - Guitar In The 21st Century

[DOWNLOAD HERE](#)

A breathing artifact of sound containing hybrid music for the guitar as an acoustic, electronic, and meta-instrument. 8 MP3 Songs in this album (62:51) ! Related styles: ELECTRONIC: Experimental, AVANT GARDE: Psychedelia People who are interested in Fennesz Jandek Derek Bailey should consider this download. Details: This collection of works aims to provide an international perspective for the unconventional sounds that can be generated from the guitar. The scope of the music is wide, and the voices are unique. The unifying thread for the album, however, is the modern version of the instrument itself - moving into new and larger dynamic and harmonic ranges with seemingly endless possibilities. Continuing with the legacy of innovation that the guitar has represented with its composers, performers, and luthiers, Spectra is a breathing artifact containing hybrid music for the guitar as an acoustic, electronic, and meta-instrument.
