

Safeguarding Financial Stability: Theory And Practice - Garry J. Schinasi

[DOWNLOAD HERE](#)

How is finance related to economic processes, and why should it be viewed as a public good requiring policy action? This book provides an answer. The book develops a practical framework for safeguarding financial stability, which encompasses both prevention and resolution of problems. It also examines on-going and future challenges to financial stability posed by globalization, a growing reliance on derivatives and their markets, and the capital market activities of insurers and reinsurers.
