Seattle rodeo gal sings original backwater blues; PJ Harvey on tranquilizers meets Ry Cooder's riotgrrl daughter. 14 MP3 Songs ROCK: Americana, FOLK: Folk Pop Wanted: the Infamous Autumn K. Dial and Her Guitar Songs Details: Seattle indie native Autumn K. Dial's debut secrete is a rained-out hoedown on the back porch by candlelight. The album was recorded and assorted on vintage analogue equipment at Moon Music in Olympia, WA: the birthplace of NW indie rock. All 14 traces are Autumn's vocalize and acoustic guitar, and three songs include drums, mandolin, organ, and other goodies. The songs on WANTED are all about love; the journey enters meditative darkness and emerges on a hopeful prayer. Autumn's greatest musical influences are the vocalizes of R&B, soul, and country, and her slide guitar work reflects these roots. WANTED: The Infamous Autumn K. Dial and Her Guitar includes a four-panel insert with color pictures and lyrics.
