Modern adult contemporary acoustic folk written with the desire to comfort the hurting and bring encouragement to the wanderer. 11 MP3 Songs FOLK: Modern Folk, FOLK: Folk Pop Details: God has given me a burning heart for people in all walks of life. This has exhibited itself through many endeavors in the work world. I have taught at the high school level for 4 years, spent 3 summers as a summer counselor and coached 3 different sports. God also led me to work with a coffeehouse ministry in Atlanta for a year. During these years, I have taken much joy in traveling to share with people through the avenues of speaking, leading worship, and singing my own songs wherever God has opened a door. During my time in Atlanta working with hurting kids at a coffeehouse ministry, God firmed up in my heart the desire to travel and share His love and the message of His grace to people all over this world through music and speaking. Even though my heart has bore much pain and spent time in the dark nights, I have experienced God in His grace and gentleness through these trials. Though I have desired to give up many times, He has pulled me from the pit so that I might glorify Him. Be it in a coffeehouse, a youth group, or a living room to sing in, my heart burns to share the light of Christ to a lost and hurting world.
