Instrumental Christian, Inspirational music that will soothe your mind and will usher you into God's presence. 14 MP3 Songs EASY LISTENING: Mood Music, EASY LISTENING: Soft Rock Details: All the musicians of the Embaixadores Church of the Nazarene started playing musical instruments when they were still children and teenagers. In God's omniscience and providence, He brought us together from so far away, placed us in the same church and melted our lives, talents and souls to make us as one in Christ. The dream of recording this CD began after our participation as a band in the New England District Assemblies and culminated when in 2001, we were privileged to play before a crowd of 33,000 people during the General Assembly of the Church of the Nazarene in Indianapolis, Indiana. Since our very first days when we started playing as a group, God has fed, blessed and enriched our souls every week through the gift of music. Music was truly born in the heart of God and is the universal language. It has brought comfort to the broken heart, restoration to the weary spirit and inspiration to many when words alone could not have touched or expressed the deep feeling of the soul. We trust that this collection of instrumental music will touch you and inspire you to really worship and declare, "My God, how great Thou art"! Musicians Rev.
