This is the type of CD you listen to as you drive your convertible on a sunny day along the swirving coast. The songs are guitar led instrumentals with shades of pop, classical, and Latin music. 13 MP3 Songs JAZZ: Smooth Jazz, CLASSICAL: New Age Details: This is the type of CD you listen to as you drive your car on a sunny day along the coast! The songs are guitar led instrumentals with shades of pop, classical, and Latin music. Fresh all-original compositions that say, I am relaxing and having a good time! This CD features all original compositions. The artists primary instrument is the classical guitar but he also plays a synthesizer guitar. With the synthesizer guitar you hear a variety of other instruments all played and overdubbed by the guitarist. The tracks offer a variety of backdrops for the classical guitar to solo in. There are tracks with anywhere from one to several instruments playing this CD really showcases Felix's creative and versatile talent as a composer, arranger and guitarist. Jazz guitarist Felix Marin states, Many of the solos were improvised on the spot as I was recording. I wanted this CD to include lots of un-rehearsed on the spot improvisation! I also didn't edit the songs because I wanted to capture a sense of freshness so the recordings are a bit raw This CD is certainly worth checking out. You are in for a treat with this all original one-man band smooth jazz guitar CD. And for guitarist this CD is a must for your collection!
