folk-rock or simply folk, easy-listening acoustic work and vocals with a concentration on the text 17 MP3 Songs FOLK: Folk Pop, COUNTRY: Country Folk Details: No one, to my knowledge read what I had written about myself before, so I've changed it. I, Kevin Browne, was born in East St. Louis Illinois, lived in Tennesse and California and now reside in Florida. I teach German at a high school. The songs are about a lot of my students, my children, my wife and philosophy. Most of my fans are teenagers who think I should go professional, but I know that people like me are a dime a dozen. I also know that my music sounds better than most of the drivel I hear on the radio though, which can lead to a very pessimistic view of the music industry. My middle son calls me a prattling philosopher. Maar ja! Misschien kun je ook een beetje Nederlands. Eller vi kan snakker norsk, fordi jeg synes norsk er genial og pen. My wife and youngest son provided some nice cello work on the CDs which I plan on doing more often. Men jeg trenger alltid penger! Det er en stor skam! Funny thing though, I don't listen to my style of music when I'm at home. I like celtic music, Ottmar Liebert, classical music and techno - Orbital. Lr og snakker norsk!
