

## Mp3 Nyjon - Way To Go

[DOWNLOAD HERE](#)

R&B, Soul and Smooth Jazz flavors with broad appeal and potent vision, delivering everything from captivating up-tempo melodies to heart-rending ballads. 10 MP3 Songs URBAN/R&B: Smooth Soul, EASY LISTENING: Adult contemporary Details: As a singer-songwriter, Nyjon's vision is to unite versatility and broad appeal with a potent message and delivery. Influenced by Stevie Wonder, David Gates, Kenny Lattimore, Conner Reeves and Take 6 and with a 4-octave range to draw upon, Nyjon has synthesised his own style that is at once distinctive and memorable. Focusing on R&B, Soul and Smooth Jazz, Nyjon can create a captivating or vivacious melody. Listening to his music it is clear to hear where Nyjon's passion lies, in life and love. This shines through in his day-to-day work as well as his musicality. He has had a productive co-writing relationship with writer-producer Gareth Young (formerly of Windswept Publishing) who has worked with the All Saints, Sugarbabes and Blue. He is also adept at performing and reworking songs by other artists, most recently producing a heart-rending version of George Harrison's classic "While My Guitar Gently Weeps" with a totally unexpected and unique sound. With an innovative and refreshing repertoire already under his belt, Nyjon's aim is "to continue to write songs that will not only move people's feet but also their hearts." A successful medical doctor and specialist in Natural Medicine (chironclinic.com), Nyjon's has found a way to merge the music with medicine by helping to establish the Charity, CHART (Complementary Healthcare and Remedies Trust). See ukchart.org. CHART's aim is to assist those seeking Natural/supportive cancer therapies that are currently unavailable on the National Health Service. He believes that these natural treatments should be available to all, not simply those who have the available funds. Nyjon is using his musical talent to help to make that happen. Formerly signed to a Publishing Company in the USA, he is now seeking sponsorship for a project to complete a series of albums. DOCTOR NYJON ---- Dr Nyjon Eccles BSc MBBS MRCP

PhD is an expert in Nutritional Medicine. He is Medical Director of the Chiron Clinic in Harley Street, where he specializes in the use of nutritional protocols for the arrest of disease. People often ask whether I am a singer or a doctor. I am both. Music is therapeutic to me, and whatever gifts the Almighty blesses us with, I feel we should find a way to use them for the benefit of all. CHART will enable this music to make a difference, at least to some. Nyjon is the UK's pioneer in Infrared Thermal Imaging, used in the early detection of breast cancer. Through his research on the effect of static magnetic fields, the first ever magnetic product gained Drug Tariff approval in March 2006. He lectures regularly on the subjects of Food as Medicine, Nutrition in Breast Health and Nutrition in Child Health.
