A blend of indie pop rock with brilliant lyrics and mesmerizing melodies. 9 MP3 Songs POP: Pop, ROCK: Adult Contemporary Details: Paul Vincent Gandolfi is a gifted singer/songwriter whose musical journey has taken him to all ends of the musical spectrum and back again. He has fronted the rock bands Devereaux and Banned, written film scores, a musical, an operetta, and somehow always returns and delivers intimate portraits in his solo efforts. Paul's fourth full length studio album, *Stir The Menagerie* follows his last offering, the critical gem *Lifesketch* with engaging melodies and the breathtaking wordsmithy lyrics he has become known for. From the warm simplicity of *Bleed* to a stirring cover of Leonard Cohen's *Hallelujah*, Paul brushes the canvas with insight and desperately honest pieces. Teaming again with his faithful percussionist J. Thaddeus Moore, PVG delivers; again, and again. If he's not writing or performing, you can find him enjoying a fine scotch in a bar near you - People who are interested in John Mayer Gavin Rossdale Dave Matthews should consider this download.
