Details: "Somewhere in the sky" is the debut EP release of the Italian singer and producer "Red". Nowadays the Music World is following a precise path where all the sounds are flattened following every New Trend. Red is out of this scheme and his instinct survives to keep alive the Art of Composing and singing music that comes directly from the Soul. His voice and his musicality are steaming directly from his creativity disregarding rules and Last Minute Trends. In Red's songs the mixture of punchy Rock, Funky rhythms and his warm sonorous voice, create a Pop project that widely embraces Red's love for particular rhythms and colorful sounds. On being able to cure every single little aspect of the music production, Red has the advantage to do through the process preserving the direct message he wants to deliver to his public, without external interferences. It's only listening to his songs that you will have the magnitude of his message. And he delivers it clear and loud in every note. Just a little note: The song "Somewhere in the sky" is dedicated to the memory of Freddy Mercury.
