With doctors saying he would not exceed the age of 5 and a family who knew what God had planned no man could predict. Growing up in Memphis, TN where music and soul go hand and hand, it wuz all written in stone 4 him. Back then the Fatboys and LL Cool J were a big influence on the scene, only later to be replaced by N.W.A. and groups like the Ghetto Boys among a few other pioneers. It wasnt until I started penning my own street poetry. Like most rappers, da school lunchroom happen 2 be his first audience. The only problem was making it a career just seemed to far fetch. At the time southern rappers were barely getting radio play or magazine coverage. With a dollar in his pocket and a Mill on his mind, the lure of the streets would get the best. We all know the story after that. Getting away with crime every time is like trying to pick up a porcupine. Ya understand! Now with the spotlight shinning on Memphis, hes bound to be the next award winner of the city. Armed with passionate lyrics and solid production, who knows whats next. One thing 4 certain, hes got to be next, so get ready 4 what game been missing!
