A program of the Chicago Park District for children, teens, and adults with developmental disabilities (such as Down syndrome). 16 MP3 Songs KIDS/FAMILY: Children's Pop, POP: with Electronic Production Details: Special Music by Special People is a music program for people with developmental disabilities (such as Down syndrome). Our releases feature compositions and performances by the Special Musicians with help from Program Director Joe Yost. The sale of our CDs and new CD-ROM are the primary means of support for the non-profit agency Special Music by Special People, Inc. You may now order them through our secure online storefront. Special Music by Special People allows children and adults with developmental disabilities the opportunity to record, compose, and perform their own music. Through this process skills such as verbal, mnemonic, musical, and social are nurtured in an atmosphere emphasizing self-esteem, teamwork, accomplishment, and fun. And beyond wonderful fun, our projects intrinsically include lessons in inclusion and diversity, helping us better understand and appreciate others who are disabled.
