

Nietzsche's Philosophical Context: An Intellectual Biography - Thomas H. Brobjer

[DOWNLOAD HERE](#)

Friedrich Nietzsche was immensely influential and, counter to most expectations, also very well read. As scholars consider his place in European philosophy and assess how his ideas developed, much speculation surrounds how and what Nietzsche read. An essential new reference tool for those interested in his thinking, Nietzsche's Philosophical Context identifies the chronology and huge range of philosophical books that engaged him. Rigorously examining the scope of this reading, Thomas H. Brobjer consulted over two thousand volumes in Nietzsche's personal library, as well as his book bills, library records, journals, letters, and publications. This meticulous investigation also considers many of the annotations in his books. In arguing that Nietzsche's reading often constituted the starting point for, or counterpoint to, much of his own thinking and writing, Brobjer's study provides scholars with fresh insight into how Nietzsche worked and thought; to which questions and thinkers he responded; and by which of them he was influenced. The result is a new and much more contextual understanding of Nietzsche's life and thinking.
