

Wordpress E-commerce Plugin

[DOWNLOAD HERE](#)

Sell Anything No limits to selling Physical, digital, services and subscriptions! The Cart66 WordPress e-commerce plugin makes selling easier than ever before. With Cart66 you can sell electronics, digital downloads, videos, music, web hosting, legal services, collect membership fees, and more. Ecommerce with Cart66 is as simple as placing a product on any page or post on your WordPress website. With Amazon S3 integration you can easily deliver your digital products, even large files like videos or an entire album of MP3s. With easy PayPal integration you will be collecting sales right away. Or, set up your own merchant account and collect payments without your buyers ever leaving your site. Checkout some of the sites that are using Cart66 Hog Wild Product Variations Easily create multiple variations for a product. The variations may even alter the price of the product. Selling t-shirts and need to charge more for Medium or Large sizes? No problem. Cart66 will even keep track of inventory for every product variation. Cart66 ecommerce product variations Giveaway Promotions Create coupons codes to run promotions and sales in your store. Coupon codes reduce the price of an order by a specific money amount (\$10 off) or a percentage (10 off). Shipping discounts like \$5 shipping on orders over \$25, or free shipping on orders over \$50. Cart66 Promo Codes for discounting items in your store 60 day money-back guarantee Free upgrades for life 1 year free support Purchase and Download Now
