

Bee Detectives / Abejas Detectives - Rosie Albright

[DOWNLOAD HERE](#)

Bees have long been known as helpful insects, but in recent years this helpfulness has grown to a new level. They still help plants grow, including food crops. Yet people have discovered that bees and their relatives can be used as animal detectives, too. Bees have been trained to detect land mines and even bedbugs. Age-appropriate vocabulary in English and standard Latin American Spanish support new and emerging readers in both languages.
