Orion Masters is no ordinary slayer, she's a dhampir-half vampire-and she uses her superhuman abilities to her advantage. After all, a girl's gotta make a living. But her life takes a dramatic u-turn on a small island in the middle of the Pacific Ocean. The balmy nights of paradise hold a forbidden temptation. Hot, steamy sex with Julian Hunter. Like Orion, Julian is a slayer. Unlike Orion, Julian is a pure blood. Their paths cross on the hunt and Orion finds herself unable to control the allure of Julian's seductive powers. Yielding to her body's instinctive, passionate reaction to Julian, she discovers the erotic lure of heritage, shared blood, and destiny. Excerpt: "You're shaking. Let me warm you up." His hands move down my sides and over my hips. Even through the leather, the flames ignite and burn mercilessly. There's an area of exposed skin near my navel and he rests his hands there, slowly stroking my skin with his fingertips. The flames smolder in my stomach with scalding heat. He grips my hips and moves them toward his swiveling pelvis, our two bodies together in rhythm with the native beat. The vibrations of the song travel from the floor of the club up my legs and tickle my pussy, mixing with the hunger growing there for the fucking vamp. This dance is much different than the one I shared with Kinau. The moves are erotic, too

erotic, given the undead status of my dance partner. His cock throbs, pulsing against my pelvis. My sex tingles in anticipation, building to a feverous pitch. I'm on the verge of exploding. All the while, his breath drifts across my neck, my cheek, my ear. I can't remember the last time I was close enough to a vampire to feel its breath on my skin. Surely his breath isn't supposed to be so hot. Or smell so sweet. His lips brush over my temple in a long, flaming line. This must be what it's like to be the victim. This is how a vamp enthralls, seduces its victim before biting. The calm before the storm. This is something I've saved others from, but never experienced myself. Not in twelve years of slaying. I've never been dazzled by a damn bloodsucker. I've never felt so aroused. He's a vamp, I tell myself again. But my feeble attempts at rationalization don't matter. My body has a mind of its own-ignoring truth, seeking fantasy. "Who are you?" My words are almost breathless. I need to know the name of the fucker that has captivated me. "Julian Hunter." He whispers his name into my ear and the tingle in my sex shoots straight up my spine. "Who are you?" "Orion Masters." I say my name, but I want to also tell him I am a vampire slayer. I want to tell him I know what he is. My mind screams, but the commands do not reach my lips. If they did, I wouldn't be kissing his chin. What the fuck? "Orion." The word spills erotically past his lips. Wow. I never thought my name could sound so passionate. "What a unique name. Where are you from, Orion." Please, I think. Please, say my name again. "Not here." A short, vague answer. A slight feeling of relief washes over me. Maybe part of me is not so paralyzed after all. I'm starting to regain some of my control. Thank god. "Hmm. Me neither." Not from here either? I wonder if he's one of the vamps the witches sent me here to dust. Then I wonder why the fuck it matters whether he is or not. I should dust him regardless. He's a vamp; I'm a slayer. But, I don't want to kill him. I want to do something else. Something much more dangerous than fighting, more perilous than staking. Something naughty. I want to fuck him. I want his thick shaft plunging deep inside my pussy, thrusting and driving until I see the fucking stars.
