Acoustic music in the classic singer/songwriter style. It's easy to relax to these songs from the heart. 10 MP3 Songs EASY LISTENING: Adult contemporary, FOLK: Alternative Folk Details: I've been in six bands ranging from blues classic rock cover bands, to punk and power pop showcase bands. I played the role of lead guitarist most of the time and in about half of these bands, I was the only guitarist. The last band I was in broke up around 10 years ago. Since then I've been on my own playing and composing on acoustic guitar for the most part. In 2006 I put together an E.P. called "The Simple Things" with my good friend and engineering wizard Adam Sullivan of (Great Magnet Recording). Now with "My Winter Window", I feel like I have a little more to offer. This time adding piano into the mix performed by myself and my wife Cara, to a beautiful performance on violin by the brilliant Maximilian Haft. These nine original tracks are still very stripped down and simple, but have a broad range of subject matter that are all very honest and straight from the heart. As far as the future is concerned, I just want to keep playing and improving my song writing and performance skills. Learning how to play guitar has been one of the most fun and satisfying experiences in my life. I'm not about to stop writing my musical history any time soon!
