IN THE ARTIST'S WORDS: "I want to be more than a musician. I want to be a bright light shining in this world, shining through the darkness, illuminating what needs illumination. Join in this work of love, peace, and freedom. Become that thing you most desire. When you have become that thing, and there is no more separation between you and other. Smile! You have been freed. Freedom is an act of kindness, is an act of listening, is an act of being totally and fully there. If you can be there, you are already free."

And, he is only 24 years old. -Ellen Laura, Triumph Coaching Impressive piano work, eloquent vocals and thought-provoking lyrics, all intertwined with touches of flamboyant charm. -Methow Valley News "He is a talented musician sharing his unique journey with us all." -Dennis and Ann Barnacle "As I listen, I can see your concentration and your fingers alternately dancing or caressing the keyboard. Thank You Brian. Wonderful memories!" -Dick "Brian is a great pianist. The music is easy to listen to and totally relaxing.

Makes me forget cares." -Carolyn M Morgan "Brian is one of the strongest willed people I know. He has achieved a level of self acceptance that most people don't find until they're twice or three times his age. He has mastered doing what makes him happy. Seemingly free of doubt, he also has a kind regard for the people in his life. Brian is always looking for ways to grow and improve himself which is an admirable quality in anyone." - Ben "I fell in love with Brian the first time I saw him. He's a live wire with the brightest, purest energy running through." -Christine
