Half Bobby McFerrin, half Raffi; a collection of eight a cappella songs for children, with something guaranteed to please anyone from age three to twelve. 9 MP3 Songs KIDS/FAMILY: General Children's Music, KIDS/FAMILY: Kid Friendly Details: EE is the alter ego of Ian Doescher, who is me. This is a CD of children's songs I put together in the summer of 2003, the summer before my first child, Liam, was born. Songs include (1) Sing Along With EE, (2) Thank You, Cows, (3) John Jacob Jingleheimer Schmidt, (4) Transportation, (5) Mr. Underbed and Nightlightman, (6) Lullaby for Liam, (7) Samantha Sanchez and the Spelling Bee, (8) Sing Along With EE (Reprise) and the bonus track, (9) The Night Before Christmas (performed by my now three-year-old son Liam). I'm an a cappella nut, and all the voices you hear on these tracks are mine. (With the exception of Samantha Sanchez, voiced by the inimitable Anna LaSala-Goettler, age twelve.) "Thank You, Cows" had its proud debut when my mother-in-law's Kindergarten class sang it for grandparents' day. Enjoy! (The booklet contains all the lyrics, and some other stuff...)
