Details: Born and raised in Chicago, Bimps Love for art and music began early. Before giving his heart to the Lord in 2003 Bimp had already recorded two CDs. It was after moving to Atlanta and preparing to record another CD that GOD called Bimp to a new life. He became ill and unable to talk or record and spent days in silence with GOD continually speaking to his heart. Upon recovery Bimp had a new life and a new mission. That mission was to spread the Word and tell of GODs great Love. GOD also gave him new lyrics. Bimp now only records Christian music with Christian artists and producers. In doing so all profits return to GODs kingdom for use in His service. Bimp currently lives in Atlanta, Georgia where he works for LyfChanga, Inc., a company inspired by the Holy Spirits revelation of GODs life changing power. The company works to spread the gospel of Jesus Christ through Spoken Word, Music, and Christian Clothing.
