The members of Hastings have cut their teeth in the harsh reality of the Buffalo music scene. The Hastings band members have played thousands of shows across the United States and when united, as Hastings, they are best known for playing intensely emotional shows stimulating audiences set after set. Tom Hastings, the bands lyricist and lead vocalist, has an uncanny ability to draw the audience in with his powerful vocal range. His emotionally charged stage performance penetrates your soul. Brian Best is the accent and technician of the band. He can play blues influenced or speed driven guitar solos with the same conviction. His performances seem effortless as he glides across the stage. Randy Barnard is the hook master of the group. Whereas Best's guitar work is dead on night after night, Barnard is the jammer of the band. He is always reaching out to the universe for new ways to interpret a song. Mike Conley is the hard rocking backbone of the band. Mike's guitar work gives Hastings a contemporary sound with a distinct bite. His knowledge of music is highlighted throughout the groups' latest work. Shane Davis is a driving bass player with an amazing presence on stage. His bass playing stabilizes the band giving the guitarists a platform to breathe life into the songs. Kevin Walgate is the heartbeat of the band. Kevin has the ability to read whatever the band members want to do at any given time. A drumming powerhouse, Kevin provides the energy needed to drive the machine. Fans of classic masters like CCR, the Rolling Stones or contemporary bands 3 Doors

Down, Creed or Nickelback, will really sink their teeth into this CD. If ever there was a time that the music industry needed the bite of reality. That time is now! Hastings is the complete package.
