Electro Acoustic Country; stereo-ponic, elmo-tinged, ghostly and sparse. 11 MP3 Songs ROCK: Folk Rock, ELECTRONIC: Experimental Details: Julian Snow Index was an experimental project between Julian Snow, Jason Edwards and Todd Keeney. The album was the culmination of a year of song writing and working out the songs to a year long recording, mixing and remixing. The entire project was recorded on a laptop in Jason's bedroom or various other people's homes. The closest thing that we could come up with to describe the music was "ElectroAcousticCountry Pop".
