The reason why Street Pastor is a threat to the misleading messages of the Music Industry; cutting straight through the platinum chains, spinning rims, and prideful swagger of the world and exposing the enemy and his plan. 18 MP3 Songs HIP HOP/RAP: Rap, HIP HOP/RAP: Spiritual Rap Details: While the world of hip hop is flooded with flamboyant rap artist, platinum chains, and meaningless messages, there remains a remnant that refuses to conform to the ways of the world. Steadfast in his faith 20 year old Street Pastor has emerged as an urban missionary to those influenced by Hip Hop culture. With over eleven years of experience in the ministry the young veteran seeks to be a model and a messenger of the gospels transforming power especially (but not exclusively) among the hip hop generations. The Dissection is just that. Going beyond the carnal shell and taking the listener straight to the spiritual battlefield that is explained in Ephesians 6. As a watchman the Street Pastor uses his God given gifts to expose the enemies schemes and aims to inform the youth and adults alike on what thus says the Lord. Led by the Spirit Street Pastor does not attack your favorite artist, but forces you to question these artist's influences. The message that he delivers is one that the world may not be ready to hear, get ready for The Dissection. (Album features artist such as K-Drama, Young Church, Dave Carter, and others...)
