From performing on some of the first Reggaeton albums ever recorded to touring the world. Michael Dunlap can play every instrument, and is literally a one man band. Self taught, and self motivated, Dunlap took on the task of creating the sound track for the Jamaa Fanaka follow-up to the successful "Penitentiary" Film Series entitled "Street Wars". Fortunately for us, Dunlap chose to involve some very talented folks in the creation of the "Street Wars" soundtrack including Yve Chi Chi (Sax), CJ Mack (Vocals), Patrick Giraudi, Tina Jackson, Big Daddy G., Ralph Barris, William Stowers, and many other talented folks. The Film became a cult fixture in urban americana, but the sound track is only now being released for the first time. The album was re-mastered by Big Daddy G.
