You have probably heard about Aromatherapy but have no idea how to use it or even find the products for making Aromatherapy products. You may even get essential oils and perfume oils confused. You have probably purchased synthetic products in the store that claim to be aromatherapeutic. Once you read this book, you will realize the difference between true Aromatherapy and synthetics. You will then learn about the different types of essential oils and how they can be used for healing or in beauty products. There is

much more to Aromatherapy than just its healing potentials. Once you realize the variety of ways that these products can be used there will be no stopping you from incorporating them into all aspects of your life. In this book, you can learn about how to get started using Aromatherapy and how you can actually change your life by learning about this ancient healing art. **How Aromatherapy Can Change Your Life!** Once you start working with the essential oils that are used in Aromatherapy, you will want to make more products that can be used as fragrant healers and enhancements. You can experiment by making simple products that will be a vast improvement over the store bought chemically laced products you currently use. You may even start giving the products as gifts and even selling them. If you have dreams of making money at a home based business, you can even learn how to sell the products that you make with this book. If you are like so many people who are tired of using synthetic products that get little results, or consuming chemicals that are toxic for the environment, or even if you just want to improve your life a little, **How Aromatherapy Can Change Your Life** can teach you everything you need to know to get started in this ancient healing art. In addition to learning about the art for itself, there are recipes for products to make as well as a full glossary of the most popular types of essential oils and how they can be used for both healing as well as in beauty products. If you want to learn about Aromatherapy and discover how this can actually improve the quality of your life, you need to read: **How Aromatherapy Can Change Your Life!**
