Acoustic Folk with a Jazzy twist. 10 MP3 Songs POP: Folky Pop, JAZZ: Smooth Jazz Details: Autumn is a solo performer in Little Rock, Arkansas. After spending a few years performing in cover acts she decided to try a solo career. Always writing lyrics and melodies she wanted to create her own project her own way. After hooking up with Rob Perry (Hound Sound Productions) the project moved along nicely. Autumn's styles forged a nice blend of Folk, and Jazz. In her debut album, Autumn uses a sweeping array of musical styles to captivate her audience, from the smooth, sultry, jazz rhythms of "Corner Cafe" to the head-bobbing anthem of "Your Story" to the gut wrenching honesty of "Your Home Is Me". Autumn mixes a perfect blend of raw guitar accompaniments with a vast assortment of elegant lead vocals and haunting background vocals. To be sure, this is a collection of songs for the musical purist in all of us. Autumn- Vocals, Rob Perry- Guitar, Bass, Drums- Jim McCarty, Additional Drums on "Your Story" - Naz Bouzida.
