Details: Bootsy Collins goes back to some of his earlier classic's and does a face lift, by surgically removing body fat and re sculpting sounds with modern day Pro-Fools and Lip-o-Suction=fancy jorgan, lyric's and raps, by his New Artist, with names like: DJizzle, iCandi, ZionPlanet10, Thee-Ram-Jam, Silly Hands of Tobotius the Master Wax Manipulator, but then Buckethead shows up on a re-make, along with MC-Danny Ray from the James Brown cape master himself. FatboySlim makes a time travel across the himosphere. By way of the great Bernie Worrell, which may be the most masterful piece of peace's in a piano-tarion world, he somehow comes together so to speak, I don't think Bootsy or him are gay, but they sure have been talking and acting strange for a long period of time, not to mention the Catfish, Bootsy's older brother, he kinda just came in on the session's and demanded that he play on all the session and refused to be paided, we knew then that he was longview material then, but the law was called and they had him arrested. So now you have "The Official-Boot-Legged-Bootsy-CD" a CD that try's to answer the question? What's it all about Alfie, and the P ain't heavy, I think it's a Mutha. I smell a rat, naw that is Dirty laundry, and dirty diaper's do smell really really bad, like doo-do- pee-p, whatelse can you get when you mix the two? Write in and tell us all about it at: bootsycollinsor contact: plogan@bootsycollins Well he's finally been caught and tested positive for the funk, and I want all yall to put them all Under-a-Dress!
