A New World Soul Beat Project 14 MP3 Songs in this album (65:12) ! Related styles: URBAN/R&B: Psychedelic Soul, POP: New Romantic People who are interested in Marvin Gaye Steely Dan Stevie Wonder should consider this download. Details: dorianholley.com Dorian Holley is new to the solo scene. Perhaps because he has spent most of his time backing folks up. The vocal coach on American Idol the last four seasons, he also sings on Dont Forget The Lyrics, and was a featured vocalist on Dancing With The Stars for its first three seasons. Listen closely and you can pick his voice out on the film Happy Feet. Then go dig up a copy of cult fav, The Five Heartbeats. Dorian is the voice of Choir Boy, which is kind of funny because when he was a kid he WAS one in the world renowned Bob Mitchell Singing Boys Choir. Since then Dorian has done all of Michael Jacksons solo tours; toured with Rod Stewart, Queen Latifah, James Taylor, Lionel Richie, Don Henley, Linda Rondstadt; sung with Stevie Wonder, Joni Mitchell, Usher, Cristina Aguilera, Fantasia, Stevie Nicks, Patti Labelle, Chris Brown, Jon Legend, Chris Daughtry, Mary J. Blige, Jennifer Hudson, Joss Stone, Seal, Chrisette Michele, aw man, the list goes on and on. When you cant sleep late one night, Google him. Thatll do it. But you wont sleep on his music. Its a New World Soul Beat Project. The first of its kind. Complimented with the killer poetry of Dorians unique take on love, life, holding hands and, of all things, Bar B Q joints. This from Roy: I loved me the sweet sounding soul music-- Marvin, Kashif, Jeffrey Osborne, Angela Bofill, Quincy Jones, James Ingram, LUTHER--- and there they all were, standing right before me, channeling through you, when I walked through that theater door on Saturday. It was like I had just unwrapped this huge gift!! I knew you could sing, but I didn't know you could SING-- and WRITE-- and SING!!--- so beautifully... And: your CD has been in my car stereo since 7:30 Saturday night, and I don't know when it's coming out. Londa: We rocked the cd back to the house and drank martinis and ate homemade pizzas and talked about how

much we all liked your uplifting performance This from Emory: You are an original; compelling, engaging, inspiring, sensual, and a brilliant songwriter. Among the best Ive seen, and Ive seen the best. Jenny: Your cd is playin' in my car. Gotta say my favorite track right now is....." How Do You Know". Dude. This ones gonna stay on REPEAT. Betchu a hundred bucks. And Ill double that if you dont have a laugh or two on the way.
