Freddy sings all the vocals and plays all the instruments on this melodic, pop rock album. He also produced, arranged and recorded all the tracks. "On this record I stayed completely true to myself " says Freddy " I have always been most effected by melodic songs and sometimes stayed away from that in my writing, but not this time. All of these songs came out of my experiences, and it feels great knowing that." Born and raised in New York, Freddy grew up listening to The Beatles. His love for music started young; he began writing and recording at the age of 11 and formed his first band at 14. Since then he has been a full-time musician and currently performs over 100 shows a year. Highlights... ..Freddy Monday releases his debut solo CD "Words In Pencil" on Endo Music.
