Since 1991 there have been several studio recordings. With the age of 7 Kai began to have piano lessons with his teacher Claudia Burris Steinleitner. Later he was taught by Gerke, Julia Hodjak and between 1998 and 2001, while he lived in Kiel, his teacher was Claas Brokelmann. After his first own compositions with the age of 14 at the piano, there were made also some arrangements with synthesizer sounds. Inspired by Enigma and Jean M. Jarre partly his work even had some rock elements. Many of his songs can be combined with vocals. His very own element and feeling home yet stayed the piano. He loves the liveliness in playing the accustical instrument. This skill Kai got shaped with especially by Claas Brokelmann who is so called a master in this kind of playing. His piano songs are romantic and sensitevely. And the sensitiv playing, bringing in all the emotions that are related to the stories of his music are his world. So the range of his playing gets from loudly storms to giant quietly.
