From the heart acoustic based songs of love lost and found. 10 MP3 Songs FOLK: Folk Pop, POP: Folky  
Pop Details: Singer-songwriter Paul Matthew Lauck has been one of the great finds of the Indianapolis downtown music scene. In a time when the airwaves are innundated with connect-the-dots overkill or syrupy, cookie cutter country-by-committee, Paul writes and plays genuine, from the heart acoustic pop songs. You'll hear Lindsey Buckingham influences in Paul's own unique fingerpicking guitar style. Paul's songwriting melody-style is similar to comfortable old favorites like Cat Stevens and Neil Young with lyrical content comparable to Ryan Adams and Steve Earle. Achingly beautiful songs about love lost and found sung in a starkly emotional style that we are sure you will come to love.
