Electro. Indie. Nu Wave. Synthpop. Like spin-dancing to Franz Ferdinand while waiting for the Postal Service to bring a package of bitter Freezepops. 13 MP3 Songs POP: New Wave, ELECTRONIC: Pop Crossover Details: Subimage Fruitpacifist... Electro-indie-synth-pop in effect. Like spin-dancing to Franz Ferdinand whilst waiting for the Postal Service to deliver a box of bitter Freezepops. Wind-up casios. Sadder Sundays. Happier Mondays. Electro-beats to shake those hips. Bloopy moogs. Airy vocals. Nu-wave. Dark wave. Wave wave. Edgier, moodier blip-pop. Like ETOC (our first CD) graduating from 6th grade and discovering the scarier universe we call Middle School. Sweaty palms. Awkward and crunchy hair. Ill-fitting shoes. Fantastic braces. But... always fun and cool.
