Welcome to Porn Nation. It's a \$100B a year industry worldwide. Even bigger when you consider the fact that porn is now the norm in our mainstream media. But have you ever stopped to think about why, when it comes to porn, we just can't seem to get enough? And are we certain this 'cheap form of harmless entertainment' isn't changing the way we see ourselves and act towards others in relationships? What you feed grows, and what you starve dies. Enter Michael Leahy, a guy who spent over 30 years as a recreational user of pornography. That is until he discovered what many experts refer to as 'the crack cocaine of sexual addiction' Internet porn. What happened next would change everything, not just for Michael and his family but for all of us living in this Porn Nation.
