Management of cerebral and ventricular haemorrhage- B. Orakcioglu, Y. Uozumi, A. Unterberg:
Endoscopic intra-hematoma evacuation of intracerebral hematomas a suitable technique for patients with
coagulopathies. - M. Stein, W. Scharbrodt, V. Schreiber, M. Bender, M. F. Oertel: The Prediction of
30-Day Mortality and Functional Outcome in Spontaneous Intracerebral Hemorrhage with Secondary
Ventricular Hemorrhage: A Score Comparison- Arterial occlusive disease and EC-IC bypass- D. Arai, S.
Yamaguchi, M. Murakami, T. Nakakuki, S. Fukuda, N. Satoh-Asahara, T. Tsukahara: Characteristics of
carotid plaque findings on ultrasonography and black blood magnetic resonance imaging in comparison
with pathological findings. - T. Tsukahara, S. Fukuda, T. Nakakuki, M. Murakami, D. Arai, S. Yamaguchi:
Indication for surgical treatment of carotid arterial stenosis in high-risk patients. - S. Eicker, K. Beseoglu,
N. Etminan, B. Turowski,, H.-J. Steiger, D. Hnggi: The impact of early perfusion CT measurement after
extracranial-intracranial bypass surgery: results of a pilot study. - B. Krischek, H. Kasuya, N. Khan, M.
Tatagiba, C. Roder, M. Kraemer: Genetic and clinical characteristics of Moyamoya disease in Europeans.
- C.F. Freyschlag, M. Seiz, M.A. Brockmann, J. Scharf, R.W. Stier, G.A. Schubert, C. Thome, P.
Schmiedek: Effect of mouth opening on bypass function after combined revascularization for Moyamoya
disease. - P. T. Ulrich, E. Januschek: Revascularisation surgery and long-term follow-up in juvenile
Moyamoya syndrome a retrospective analysis. - S. Bogni, D. Schni, M. Constantinescu, A. Wirth, A.
Bregy, A. Raabe, U. Pies, M. Frenz, M. Reinert: Tissue Fusion, a new opportunity for sutureless bypass
surgery. - K. Kanamaru, T. Araki, F. Kawakita, K. Hamada, H. Kanamaru, K. Matsuura, A. Sato, H.
Suzuki: STA-MCA Bypass for the treatment of ischemic stroke. - K. Takemoto, K. Takano, H. Abe, M.
Okawa, M. Iwaasa, T. Higashi, T. Inoue: The new MRI modalities BPAS and VISTA for the diagnosis of
VA dissection. - B. Turowski: Intracranial stenting in arterial occlusive disease- Treatment of aneurysms
and subarachnoid haemorrhage- H.-J. Steiger: A view on current and future therapy of brain aneurysms. -
H. Abe: Surgical treatment for aneurysms in the cavernous petrous portion of the internal carotid artery. -
Y.Yonekawa, P.Roth, J. Fandino, H. Landolt: Aneurysms of the posterior cerebral artery and approach
selection in their microsurgical treatment emphasis on their approaches. - A. Doukas, A.K. Petridis, H.

Barth, O. Jansen, H. Maslehaty and H.M. Mehdorn : Resistant vasospasm in subarachnoid haemorrhage treated with continuous intraarterial nimodipine infusion. - K. Kanamaru, T. Araki, K. Hamada, H. Kanamaru, and H. Suzuki : Neck clipping of paraclinoid small aneurysms. - J.-Y. Lee, R. F. Keep, Y. Hua, R.-I. Ernestus, G. Xi: Deferoxamine reduces early brain injury following subarachnoid haemorrhage. - H. Maslehaty, A. K. Petridis, H. Barth, A. Doukas, H. M. Mehdorn : Does magnetic resonance imaging produce further benefit for detecting a bleeding source in subarachnoid hemorrhage of unknown origin? - T. Ogawa, D. Hnggi, H.-J. Steiger: Treatment of experimental cerebral vasospasm by protein transduction of heme oxygenase 1(HO-1) conjugated to a residue of eleven arginines. - U. Spetzger, A. von Schilling, T. Brombach, G. Winkler: Training models for vascular microneurosurgery- Surgical and endovascular therapy of brain AVM- M. Reitz, N.O. Schmidt, Z. Vukovic, U. Grzyska, H. Zeumer, M. Westphal, J. Regelsberger: Surgical end endovascular techniques for brain AVM - How to deal with incompletely treated AVMs: experience of 67 cases and review of the literature. - N. O. Schmidt, M. Reitz, F. Raimund, A. Treszl, U. Grzyska, M. Westphal, and J. Regelsberger: Clinical relevance of associated aneurysms with arteriovenous malformations of the posterior fossa EAN/ISBN : 9783709106617 Publisher(s): Springer, Berlin, Springer, Wien Format: ePub/PDF Author(s): Tsukahara, Tetsuya - Regli, Luca - Hnggi, Daniel - Turowski, Bernd - Steiger, Hans-Jakob
