

# Busy Train Station Platform Atmos (sfx Sound Effect Wav)

[DOWNLOAD HERE](#)

This 3'40" stereo file was recorded at a busy London railway station with multiple platforms. In it you can hear the walla/chatter of people waiting, trains arriving, waiting, departing, doors opening and closing, announcers and the whistle of the train guards. All files on sale by Sevenleaf SFX have been recorded by professionals and are available for you to download as 16 bit 48kHz stereo wav files. Previews are low quality mp3 files with security watermark beeps. Purchased files are broadcast quality wavs without watermarking.
