Details: Brandon Paris Band - formed in 2002 in Vancouver, British Columbia Canada. Unlike most musicians who try to mimic their musical idols, Brandon Paris Band forges their own musical path creating music embodying each members personal and diverse musical preferences. A seductive combination of lead singer Brandon Paris soulfully unique voice, Dagriffs raw rugged reggae vocals, Brian Sanheims deep dubbing bass, Chris Murray Driver's driving rhythms, Bryan Jaspers highly energetic hypnotic anthems and Marc Gladstones infectious keyboard riffs, Brandon Paris Band attains an innovative fusion of Pop, Rock, Reggae, Punk and Soul in a style which is strictly their own. In 2005 Vancouver based hit record producer, Troy Samson (Moka Only, Kreesha Turner, Snoop Dogg) and Jeff Dawson (State of Shock, Kelly Rowland, Daniel Powter, Marcy Playground), reworked six of the original recordings, taking the whole project to a new level. After deciding they were finally ready to shop their debut album now titled On My Own, in January 2006, BPB signed a deal with Koch Canada literally overnight just days after sending out their album to record labels across Canada with many offers following. Their debut albums first single, Rewind Start Again, exploded on commercial radio after being released on March 13th 2006 shooting to top 20 across the country. The second and third singles, Somebody to Hold and Give Me A Reason were also well received reaching quite high on the Canadian charts. Topping off an already exceptional year, BPB was nominated for Best New Group or Solo Artist (CHR) by the Canadian Radio Music Awards in spring of 2007. Brandon Paris Bands much anticipated second album titled "Pocket Full of Holes" is scheduled to be released fall of 2008. The band members have all been working hard to

follow up their breakthrough album On My Own. We've been exploring all sorts of directions and have come up with an even more innovative sound with stronger lyrics and powerful hooks which we feel will get the attention not only from Canada again, but the USA as well. The album was engineered and mixed by Sheldon Zaharko (Salteens, Billy Talent, Smugglers, New Pornographers, Barney Bentall, Ridley Bent) at Vancouver's legendary Factory Studios, with some songs mixed by Jeff Dawson (Daniel Powter, Kelly Rowland) . Songs are mastered by (Juno-nominated) Joao Carvalho (Hedley, Alexisonfire, Protest the Hero, David Usher, Matthew Good, Holly McNarland) in Toronto and Sensie of Greenhouse Studios in Vancouver, BC. "Pocket Full of Holes" has some surprises in it that we think our fans will love. It could easily surpass expectations.
